

MS365 IMPROVE - YOUR DIGITAL EDUCATION TO WORK SMARTER

A modern educational product, designed to inspire, motivate and train you in new digital ways of working with Microsoft 365. MS365 Improve offers engaging learning experiences that help you work smarter and use the full potential of Microsoft 365.

OPTIMIZE LEARNING

MS365 Improve improves learning by being available directly in your own digital work environment. The courses focus on real-world scenarios and best practices, presented in a condensed form that can easily fit into an already busy schedule.

BOOST PRODUCTIVITY

Provide the organization with necessary and relevant digital skills to increase productivity and work smarter with Microsoft 365. Strengthen individuals' ability to work digitally and improve collaboration within organizations.

DRIVE CHANGE

Keeping up with the rapid pace of digital transformation requires a constant effort to promote change within the organization. We use proven learning methods and ensure that you get the skills development required to work effectively and take advantage of the benefits that new digital working methods offer.

MAXIMIZE VALUE

Get more out of Microsoft 365 and increase the return on your investment in modern technology. Give employees access to current and relevant e-learning, with training programs led by our industry-leading experts. Reduce the need for IT support, work more efficiently and increase well-being in the digital workplace.

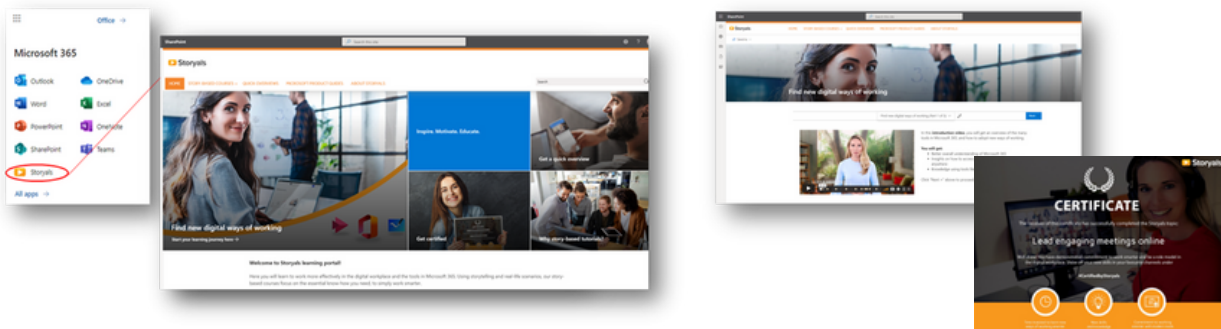

NEXER

MS365 IMPROVE

A cost-effective and stylish product where you can get training in your own Microsoft 365 environment via SharePoint. This product is ideal for medium to large organizations that want to provide training to their employees via their intranet or add courses to an existing Learning Management System (LMS).

- Storyal's training courses are available to users via SharePoint Online
- A stylish learning portal is integrated into your environment
- Users can check their knowledge via a form-based test and receive a certificate upon completion
- Product guides from Microsoft Learning Pathways are included in the learning portal
